**MAN, GIRL, TROUBLE.**  
Young Redlands Miss is ill in the Hospital and Head of a Family is in Jail, Charged with Mistreating Her—Case Set for Thursday.

Dufferin Lymburner will be given a preliminary hearing Thursday morning before Justice Hanby, on a statutory charge involving Miss Ella Kirkpatrick, a 16-year-old girl of Redlands, who is said to be in the hospital in her home town, in a very serious condition as the result of the defendant's alleged mistreatment. Hanby was fixed at \$5000 after Lymburner was arrested yesterday morning.

According to Deputy District Attorney Ruffalo, the complaint against the man, Lymburner has in Redlands a family he deserted to pay attention to Miss Kirkpatrick. The girl, apparently knowing nothing of this, agreed to elope with Lymburner and the two came to this city, followed by Chief of Police Lamore of Redlands. With a detective of the District Attorney's office, Chief Lamore located the pair.

and the Worst is Yet to Come

JUVENILE HALL STIRS UP ROW.

Welfare Commissioner Quits Because of Inquiry.

Dislikes Supervisors' Probe of Cruelty Charges.

Other Factionists Bitter at Results of Hearing.

Malcolm F. McNeil, Long Beach member of the Public Welfare Commission and the Probation Committee of that body, tendered his resignation to the Board of Supervisors yesterday as the result of the recent hearing of charges brought against the management of Juvenile Hall. In asking that his resignation be accepted he expressed his regret, for the reason that he had enjoyed his work. "I cannot serve on a commission under a board lacking the good judgment in evidence in your uncalculated proceedings to discredit the management of Juvenile Hall," he stated.

On the other hand, the individuals who brought the charges show just as much resentment because the board decided there was not much to the whole matter. Mrs. W. D. Spalding, one of those interested in bringing about a hearing last week, demanded that the board draw findings of facts as developed in the evidence given. "In order that the public may be informed of conditions as they exist at the institution," she concluded.

A third communication, filed by Mrs. Cora Deal Lewis, head of the Probation Committee of the Welfare Commission, asked that the press of the county refrain from publication of statements concerning conditions that are no worse, and possibly not as bad, as those to be found in an average home that is conscientiously and efficiently managed.

All the communications were taken under advisement.

**Free Rides on Movable Floor.**  
[Washington Star.] The patrons of a certain New York cafe are treated to a free ride while they take their meals. The tables are arranged in a large circle which revolves slowly about some musical or dancing "act" in the center. Those who begin their dinner at the entrance of the cafe may find themselves eating their salad course in the rear. The circle is thirty-two feet in diameter and is moved by a one-fourth horsepower motor at the rate of one revolution per hour. The motion is so slow to be objectionably noticeable to any one, but considerable amusement is afforded by the gradual change of location.

**LABOR CRISIS OFFSETS WAR BOOST IN SHARES.**

Conflicting News from Washington Regarding Railway Situation Depressing Factor in Wall Street Trading. Hurried Short Covering in Final Hour Effaces Losses in Rails—Russian Exchanges Strong.

(BY A. P. NIGHT WIRE.)  
NEW YORK, Aug. 28.—Italy's declaration of war against Germany and Rumania's entrance into the conflict in the logical course of events should have favorably affected the international list in today's stock market but the conflicting and shifting character of the news from Washington in respect to the railway labor negotiations was a strong offset.

Leading rails were lower by 1 to 2 points at times with marked weakness in motors and the prominent munitions and equipment, sugar, tobacco and some of the shipping shares also denoted a downward movement. The market was more strikingly depressed by reason of the railway labor negotiations and the strength of negotiable securities.

Marine issues were the outstanding feature of the day's operations. The common scored an advance of 3% on its rise to the record price of 42 and the preferred advanced 1% to 19.10. The market covering of short contracts in the afternoon showed a strong upward movement in Reading, Union Pacific, United States Steel and other favorites. The market was accompanied by unfettered rumors of a more satisfactory outlook in the railway situation. Total sales amounted to \$2,100,000.

The strength of railroads or Russian shares was the feature of the international market, France easing its sterling bills unchanged. Bonds tended lower on nominal basis. Total sales, par value, amounted to \$2,100,000.

United States coupon advanced 1/8 cent, on call.

**NARROW MARKET ON LOCAL EXCHANGE.**

MINING SHARES MONOPOLIZE TRADING.

Strong Demand for Yellow Pine. Tom Reed Advances—Heavier Buying Orders for Los Angeles Investment—Oil Issues Dull.

Monday's market on the Los Angeles Stock Exchange was rather a narrow one and there was nothing in the way of a feature to the session. Mining shares and Los Angeles investment absorbed practically all the attention and there was an unusually good call for several of the specialties in the metal group. Yellow Pine sold up to 1.38, with very little share of the day's trading. The market was active throughout the day at prices around the 50 mark. An uptick has been started on the 400-foot level of the Big Jim property to determine whether or not the ore is as rich as the level itself. The ore body is estimated to be 100 feet thick and the mine is being developed to a depth of 100 feet. The Tom Reed Company has been doing a great deal of quiet development work during the past few months and it is reported from Oakland that several ore strikes of importance have been encountered on different claims of the corporation. The remainder of the trading in the market was for Los Angeles investment on hand yesterday and there were heavy buyers for Los Angeles shares. The market for oil issues was dull and the only transaction in that group was the sale of 200 shares of United at 20.

The following dividend announcements were posted on the exchange bulletin yesterday: Amalgamated Oil Company, \$1 a share, payable August 31, to stockholders of record on the 15th inst.; West Coast Oil Company, \$1.50 a share, payable August 31, to stockholders of record on the 15th inst.; Yellow Pine Mining Company, \$1.00 a share, payable September 25, to stockholders of record on the 10th inst.

There will be no session of the local stock exchange today on account of the election.

**WHEAT IN COLLAPSE AS RUMANIA WARS.**

FRUSTRATED SCENES WITNESSED IN THE CHICAGO PIT.

Chicago, Aug. 28.—Wheat prices crashed today 9% to 11% a bushel and closed excited at the lowest point, with September at 1.40 1/2 and December at 1.43 1/2. The action of Rumania in taking the field against the Austro-German armies formed the chief reason of the market collapse but the depressing outlook regarding the threatening strike of 400,000 American railway employees was undoubtedly a factor in the small extent to which the market recovered. The outcome ranged from 50 decline to a rise of 10.

Previous rushes to sell characterized the wheat market, especially at the outset and the close. Holders of wheat contracts were not lured by the prospect of a recovery in the market. The entrance into the war would greatly increase the demand for wheat and the release of the Russian supplies of wheat to compete with shipments from America.

The demoralization at the finish in the trading pit was not limited by the fact that the market was not closed until 1:30 p. m. The market was closed at 1:30 p. m. and the closing prices were: September, 1.40 1/2; October, 1.41 1/2; November, 1.42 1/2; December, 1.43 1/2. The market was closed at 1:30 p. m. and the closing prices were: September, 1.40 1/2; October, 1.41 1/2; November, 1.42 1/2; December, 1.43 1/2.
